The unknown* month row holds the two undated transactions — TX0060 pomegranate/hospitality pre-payment invoice for Yalda (1,664,700) and TX0096 declared alenush.com domain purchase (3,000,000) — which carry no `period_jalali` and therefore share one bucket.

Totals — supported only (headline): receipts 112,552,000 · payments 99,085,195 · net 13,466,805 toman. Status `Supported` rows only — reproduces the 2026-10-10 report's final checks exactly (`new_payments_total` 99,085,195, `new_net_activity` 13,466,805).

Totals — all rows: receipts 139,787,000 · payments 123,265,994 · net 16,521,006 toman. The table basis: the headline plus 4 Duplicate payments, 22 Review items (incl. TX0036 and the declared domain purchase TX0096), 3 Invoice-only rows and the Summary-only TX0094 gross-sales receipt.

Flagged transactions (Review status)

22 rows sit in Review — outside the supported headline, inside the all-rows tables above. The ten December-1404 event payments whose reasons are all volunteer-funded or scan-ambiguity variants are grouped; the rest follow individually.

ID / period	Direction	Amount	Why flagged
TX0064–TX0073 (1404/10)	Payment	3,359,140	Grouped: volunteer-funded or scan-ambiguous event payments (supports TX0050, TX0062/63 and the Parnian reimbursement; several may be duplicate scans of one slip)
TX0010 (1404/05)	Payment	400,000	Probable double entry of the single receipted 400,000 ad. message57 suggests Hassan logged the ad, but only one payment exists.
TX0018 (1404/07)	Internal transfer	—	No unit is printed. If the amount is rial (1,765,000 toman), it equals the ledger net 4,920,000-3,155,000 (M3).
TX0036 (1404/08)	Unknown	300,000	It is unclear whether this is cash collected (receipt) or cash given out (payment). The ledger records it as an expense.
TX0042 (1404/08)	Payment	13,000	Same day as TX0040/41 (12:35 vs 12:55). It may be a separate purchase, or one of the printing lines misread by a factor of 10. Not in the ledger.
TX0049 (1404/10)	Payment	—	Explicitly expenses or transfers, not income (message120). Payees unknown. The withdrawal line in message115 carries no unit label, while the deposit lines are labelled rial. May overlap recorded expenses.
TX0052 (1404/10)	Payment	400,000	Paid from Bardia's personal account. This is supporting detail for the TX0050 reimbursement, not association cash.
TX0053 (1404/10)	Payment	250,000	Volunteer-funded; supports TX0050.
TX0054 (1404/10)	Payment	600,000	Bardia said he lacked the 600 receipt, so the mapping is ambiguous. Supports TX0050.
TX0055 (1404/10)	Payment	1,162,584	Invoice lost. Volunteer-funded; supports TX0050.
TX0056 (1404/10)	Payment	2,150,000	Payer appears to be Hossein. No reimbursement to Hossein is evidenced, so this may be an unrecorded payable or unrecorded payment.

ID / period	Direction	Amount	Why flagged
TX0058 (1404/10)	Payment	—	No receipt and no unit (likely thousand toman). Reimbursement status unknown.
TX0096 (undated)	Payment	3,000,000	Purpose and reported purchase amount confirmed by user. Purchase date, funding source and any reimbursement are unknown; not yet included in the cutoff cash totals.

Also outside the supported headline: 4 Duplicate payments (6,129,375 toman), 3 Invoice-only rows (6,416,700 toman, incl. TX0060), and 1 Summary-only receipt (27,235,000 toman, TX0094 platform-reported gross ticket sales).

Evidence and time-of-day notes

The Evidence column above counts ledger `message_ids` — the accounting-group messages each month's rows are linked to. Where a transaction links to messages, timestamps come from the Telegram export and are **export-local (UTC+03:30)**: they show when the treasurer posted, not necessarily when cash moved.

Accounting-group hours holding at least 5 TX-linked messages (n ≥ 5 only, 9 hours):

- 04:00 — 5 TX-linked messages
- 11:00 — 7 TX-linked messages
- 13:00 — 8 TX-linked messages
- 14:00 — 5 TX-linked messages
- 15:00 — 5 TX-linked messages
- 18:00 — 24 TX-linked messages
- 20:00 — 8 TX-linked messages
- 21:00 — 5 TX-linked messages
- 22:00 — 9 TX-linked messages

Weekday peaks in the accounting group (n ≥ 5): Saturday 18:00 (n=23), Sunday 23:00 (n=5), Monday 15:00 (n=5), Tuesday 22:00 (n=17), Thursday 20:00 (n=20), Friday 04:00 (n=7).

Caveats: these counts are **messages, not transactions**, and start-time mention counts include deadline times. Example — the money-linked association-website thread most often mentions start 13:00 (n=12), but its distinct times are 11:00, 13:00, 15:00, 18:00, 19:10, 23:59, so n counts a 23:59 deadline alongside real starts.

Caveats

- **Net activity is not closing cash.** Cash custodianship mixes personal and association funds; opening cash and bank-reconciled closing cash remain unavailable (2026-10-10 report, remaining gaps).
- **Monthly tables are all-rows basis** (stated at the table): every status included. Only the headline totals are supported-only.
- **Review items are flagged, not resolved**: TX0096 (declared 3,000,000 domain purchase) and TX0036 (direction unknown, 300,000) stay outside supported totals until date, funding and direction are clarified.
- **Window**: 2025-05-28 → 2026-10-14 fully covers the ledger period 1404/04 – 1405/07; months with no ledger rows (1404/11, 1405/01, 1405/03, 1405/04) are omitted from the tables.
- Derived from the reconciled 2026-10-10 ledger; this report does not re-audit. Message timestamps are export-local (UTC+03:30).
